

MONT PARTNERS FINANCIAL SERVICES GUIDE

PART 1 | VERSION 11 | 11TH NOVEMBER 2025

This Financial Services Guide was prepared on 8th August 2025.

WHAT IS A FINANCIAL SERVICES GUIDE?

This Financial Services Guide ('FSG') helps you understand and decide if you wish to use the financial services we are able to offer you. Mont Partners Pty Ltd (Mont Partners) has authorised the distribution of this FSG.

You must read Part 1 of the FSG in conjunction with Part 2. Part 2 of the FSG provides a profile of the entities ("Authorised Representatives") that may provide you with financial services on behalf of Mont Partners Pty Ltd.

We collectively refer to Mont Partners (the licensee) and its Authorised Representatives (including employees of a related body corporate) as "us, our, we" throughout this FSG.

This FSG sets out the following:

- who we are and how we can be contacted;
- what financial services and financial products we are authorised to provide to you;
- how we (and any other relevant parties) are remunerated;
- any relationships, associations or interests we may have that could influence the advice provided to you; and
- how we deal with complaints.

We may provide you with personal financial advice that takes into account your needs, financial situation and circumstances. Where we provide you with initial personal advice we will provide you with a personalised financial plan, also referred to as a Statement of Advice ('SoA'). The SoA outlines our advice and the basis on which the advice was given. It also outlines relevant information about us, and the fees and charges associated with our advice. We are only able to provide personal advice about specific services and products as stipulated in our Australian Financial Services Licence ('AFSL') – these services and products are outlined below.

If we provide further personal financial advice after providing our initial advice, we may record this in a Record of Advice ('RoA'), instead of an SoA. You may request a record of the further advice that is provided to you, if you haven't already been provided with it. You can also contact us to request this record, using the details in the next section of this FSG, within 7 years from when the advice is provided.

Occasionally we provide general advice. This is where we may express an opinion or recommendation influencing you in making a decision in relation to a financial product, but where we have not considered your personal objectives, financial situation or needs. If we provide you with general advice, we will provide you with a warning that the advice may not be appropriate to your needs, financial situation or objectives. Additionally, we will provide you with an applicable Product Disclosure Statement ('PDS') (if one is available) which you should read before making a decision that the product is right for you.

When a financial product is recommended to you, you will be provided with a PDS issued by the product provider. The PDS contains information about the product to assist you in making an informed decision about the financial product. It will outline relevant terms, significant risks, and fees associated with the product. Please retain this FSG for your reference and any future dealings with us. We may also add documents at a later date which will also form part of this FSG, and these should be read together with the FSG. These documents will include the word 'FSG' in the heading.

LACK OF INDEPENDENCE

Mont Partners receives commission on the sale of life risk insurance products. As such, we are neither independent, impartial, or unbiased as defined in Section 923A of the Corporations Act. More information can be found in the section of this FSG titled "What fees and commissions are payable to us?".

For information on how each of the Authorised Representatives will be remunerated, please refer to Part 2 of the FSG. The licensee's employees are remunerated by salary. You may request more details about the way these people or entities are remunerated within a reasonable time after receiving this document and before any financial services are provided to you. Details of any fees, commissions or other benefits that the licensee will receive and that it will pay to its Authorised Representatives in relation to the provision of specific recommended financial services and financial products will be disclosed to you in the relevant advice document (whether in an SoA or RoA) at the time personal advice is given, or as soon as practicable afterwards. If remuneration is not calculable at that time, a statement of how the remuneration is calculated will be given to you at the time the advice is given or as soon as practicable afterwards.

ADVICE FEES

An explanation of the types of advice fees you may be charged are listed below. These fees will be based on your individual circumstances, the complexity involved in your situation and the time it takes to prepare and provide personal financial advice for you. We will discuss these fees with you and obtain your agreement to the fees before we provide you with any services and enter into an ongoing arrangement with you. In cases when we provide you with advice in a SoA, we will typically obtain your written authorisation to the fees (via an Authority to Proceed and Remunerate Form) prior to the implementation of any of the advice.

All fees described in this FSG include GST.

ADVICE PREPARATION FEE:

For having a SoA prepared, the minimum fee is \$1,200 while the maximum fee is \$22,000. For example, complex advice that contains multiple goals, strategies and/or tax structures including but not limited to; self-managed superannuation funds, family trusts and companies, are likely to be charged closer to the maximum. Less complex advice that addresses limited goals, strategies and tax structures are likely to be charged closer to the minimum fee.

IMPLEMENTATION FEE:

We may charge a fee to assist with the implementation of the recommendations in your financial plan. Should we charge an implementation fee, this will be agreed prior to advice being implemented and fully disclosed within an advice document such as the SoA or RoA. The minimum implementation fee is \$0 while the maximum fee is \$22,000. For example, complex advice that contains multiple goals, strategies and/or tax structures including but not limited

to; self-managed superannuation funds, family trusts and companies, are likely to be charged closer to the maximum. Less complex advice that addresses limited goals, strategies and tax structures are likely to be charged closer to the minimum fee.

ONGOING ADVICE FEE:

We may charge a fee to provide ongoing financial services, which can include a periodic review of your personal financial situation at agreed time intervals, and/or fees for the provision of administrative and support services connected with the holding of the financial products, such as ongoing liaison with financial product providers.

This fee will be agreed with you and will either be a fixed annual fee ranging between \$330 and \$44,000 per annum (and agreed annually), or a percentage-based fee ranging between 0% and 1.1% per annum (inclusive of GST) calculated on the total value of the financial products under, or subject to, our advice and/or the time involved in reviewing your portfolio and circumstances. For example, if you engaged in an ongoing advice arrangement with a 0.88% p.a. advice fee on funds under management, and you had financials products valuing an average of \$500,000, your ongoing advice fee would be approximately \$4,400 p.a.

AD HOC FEE:

We may charge other ad hoc fees for services provided that fall outside the scope of the above listed fees. This fee will be agreed with you prior to services being delivered, and will either be a flat dollar amount per hour, a flat dollar amount for a determined scope of work (for example, Centrelink application or first initial appointment), or an amount based on the value of financial products under our advice and/or the time involved.

COMMISSIONS

If you acquire a certain financial product through us, we may receive payments in the form of initial commissions and/or ongoing commissions from the financial product providers. These commissions are included in the cost of the fees or premiums you pay for the financial product to the financial product provider, who may then pay a commission to us. Commissions are not an additional cost or payment made by you to us. We may agree to rebate some or all of these commissions to you.

The commission payable for different classes of financial products include the following:

LIFE INSURANCE PRODUCTS

Initial and ongoing commissions from insurance providers may be received by us. These commissions are paid to us by the insurance company that issues the product that we recommend to you and that you acquired. The value or cost of the commissions are included in the cost of what you pay for the insurance. The commissions are not an additional cost payable by you to us. The initial commission is paid at the commencement of the insurance policy by the product issuer to us. Ongoing commissions are payments paid by product issuers to us after the commencement of the insurance policy.

If you initiate an increase to your cover (resulting in an increase in the cost of premium payable by you to the insurance company), we may receive a further initial commission and an increase in the receipt of ongoing commissions on the value of the annual increase to your policy cost.

The maximum commission that we may receive is set out below:

Date a new product is issued	From 1 January 2020
Initial commission (% of annual policy cost or increase)	If Upfront commission: 66%
Ongoing commission pa (% of annual policy cost or increase)	If Upfront commission: 22%

If commissions are on a level commission structure (i.e. initial commission is equal to the ongoing commissions (as a percentage of your policy cost)), we may receive up to 33% of your annual policy cost upfront, and on each yearly anniversary of the policy.

For example, if Mont Partners recommended you acquire a life insurance policy with an annual premium of \$2,500 p.a., on an upfront commission structure, the applicable initial commission will be \$1,650 and the ongoing commissions will be \$550 p.a. On a level commission structure, the applicable initial commission will be \$825 and the ongoing commissions will be \$825 p.a.

PAYMENT METHODS

Our fees will be either invoiced directly to you, deducted from your financial products, or a combination of these methods.
